

## **Proposed Amendment**

### **SOUTH EAST ENGLAND REGIONAL ASSEMBLY ANNUAL MEETING**

Date: 13 July 2005

**Amendment proposed by: Ian Chisnall, South East England Faith Forum**

#### **Agenda Item 5**

#### **Policy No S7 - Cultural and Sporting Activity**

##### **To revise the wording from:**

Sustainable communities depend upon the effective delivery of community Infrastructure. Given the expected growth in the region's population, there will inevitably be a need for additional investment in community infrastructure - childcare; community centres; village halls; fire and rescue stations; leisure centres; libraries; police stations; social service facilities; and waste and recycling facilities.

---

##### **Proposed new wording:**

Sustainable communities depend upon the effective delivery of community Infrastructure. Given the expected growth in the region's population, there will inevitably be a need for additional investment in community infrastructure - childcare; community centres; village halls; places of worship; fire and rescue stations; leisure centres; libraries; police stations; social service facilities; and waste and recycling facilities.
