

SOUTH EAST ENGLAND REGIONAL ASSEMBLY SELECT COMMITTEE ON SEEDA's APPROACH TO LABOUR FORCE AND EMPLOYMENT

Submission from: **Wealden District Council**

Date: **September 2008**

Thank you for the opportunity to comment on the key issues for the select committee. The following represents the views of Wealden District Council.

Wealden District Council has had no contact from SEEDA in relation to labour force and employment issues. We are therefore of the view that there is no coherent, joined-up approach and much more needs to be done - in particular to develop links and liaise more closely with local authorities in rural areas and to ensure adequate representation of such areas on local Employment and Skills Boards.

Yours Sincerely

Gill Cameron Waller
Policy and Partnerships Manager
