Revised Process.

- The process for providing advice to the Assembly was in two stages:
 1. Assessment of need (GTAA)
 2. Formal advice (GTAA supplemented with additional evidence where necessary)
- In light of emerging good practice, local authorities have requested the opportunity to build on their existing evidence base before the formal consultation on options.

Resolution

IN PARTNERSHIP

The proposed revised process for this is therefore:

- March to end April '08 - update evidence
- 21 May - Regional Planning Committee
- 13 June - Executive Committee agree, on behalf of the Assembly, options for consultation
- September to November - Consultation

(Consultation on Minerals will proceed as currently proposed)
