

Status of this Report

This report has been prepared by DTZ Pida Consulting for the South East England Regional Assembly and English Partnerships to provide advice to the South East Regional Housing Board (SEHB) on the strategic pattern of housing markets in the region. DTZ Pida Consulting is responsible for the detailed analysis, conclusions and recommendations presented in the report and they do not necessarily reflect the views of the Regional Housing Board.

However, the Regional Housing Board have accepted the report and endorse the overall findings and recommendations of the study.

Whilst the Regional Housing Board accept the main principles of sub-regional housing market assessments (HMAs) the Board have not committed themselves to the detail of the process for the South East. The Regional Housing Board are therefore now considering the most appropriate way to act and progress the sub-regional housing agenda on the basis of the recommendations made by DTZ.

In order to inform this process and to seek further views on the best way forward a workshop and discussion session on the findings and recommendations of the study is scheduled to take place on 3rd November at 10am at DTZ's head office at One Curzon St, London, W1A 5PZ.

If you would like to attend this workshop please e-mail ann.morris@dtz.com or telephone Anne on 0118 901 2041, quoting your name, organisation and contact details. Places at the workshop will be allocated on a first come first served basis until the capacity for the venue has been reached.
